# A HOPPER GUIDE TO CO-WORKING

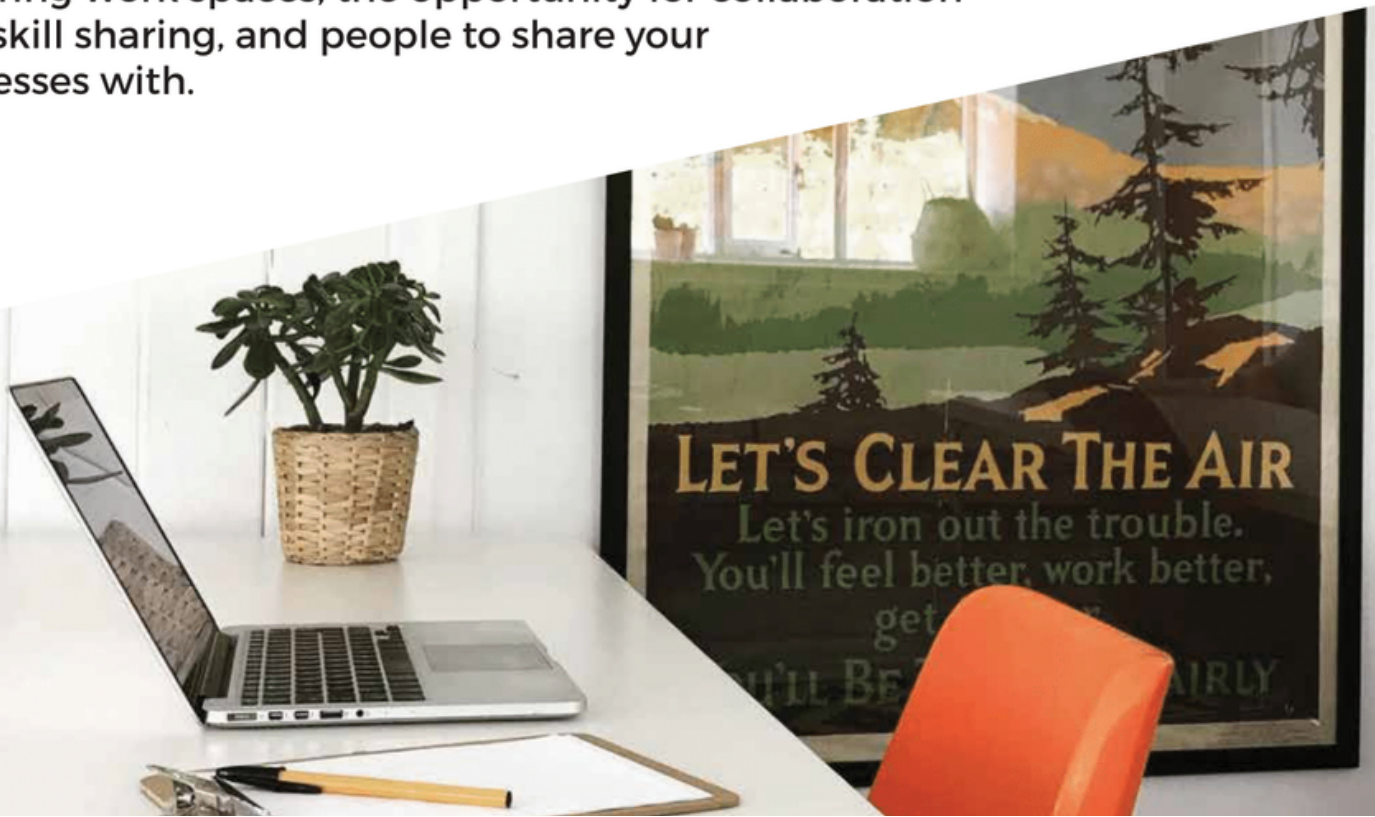

## WHAT IS CO-WORKING?

Co-working is an alternative to working from home or in a private company office. A mix of individuals and businesses work from the same workspace with shared facilities, working alongside each other but on their own projects.

## WHAT IS SPACEHOPPERS CO-WORKING?

SpaceHoppers is a flexible co-working hub in Stroud offering permanent and flexible desk space in a collaborative environment. We are located within a beautifully restored woollen mill, just a ten-minute walk from Stroud centre.

Our aim is to create an environment for you to thrive by providing inspiring work spaces, the opportunity for collaboration and skill sharing, and people to share your successes with.

## WHAT ARE THE BENEFITS FOR YOUR EMPLOYEE?

Co-working offers a healthy space to be productive while surrounded by others, tackling isolation which is linked to mental health.

By being a part of a community your employees are likely to meet people, share common ground, have a wider social network and ultimately be happier in their work and life.

## WHAT ARE THE BENEFITS FOR YOUR COMPANY?

By offering a workspace for your employee you will likely see better productivity, more connections, the possibility of collaboration and exposure to new ideas.

You'll be positively contributing to social aspects of your employees life as well as work / life balance which can improve mental health and remove the feeling of isolation. Your employee is more likely to thrive in a co-working environment resulting in more commitment to your organization and are more likely to bring their best energy and ideas to your business.

Your employee will also have excellent phone signal, superfast wifi, parking, access to tea, coffee, breakfast, printing - all included in the price. And with flexible memberships you're never tied into a long lease or contract.

## QUOTES FROM OUR HOPPERS

I worked from home for 3 months and got more work done in a single day here at SpaceHoppers than I did in those 3 months! Here I get to be focused on my work, I get stuff done.

- *Gavin Bloeman*

The industrious atmosphere cheers you on, you feel less isolated, the people are lovely so mixing periods of intense concentration and periods of light relief makes you more productive.

- *Dana Fainaru (Screenwriter)*
